

Nanpean Community Primary School

PARENTS FORUM

Focus: 1) House points 2) Parent Parking update 3) TBN Building Development 4) Mid-term reports for parents evening	Attendance: Ms Marsden (Headteacher) + 1 parent	Date: 3/2/16 9:00am
--	--	-------------------------------

Notes of meeting	Action
1) House points A parent asked what the purpose of the house point jars was in the entrance area. CM explained the large jars are the yearly accumulation of house points, and the small jars are used by the house point monitors to gather and count the house points each Friday.	
2) Parent Parking Ms Marsden explained that the use of Imerys' land on the Drinnick site opposite the school for parent parking is still an option. We are currently awaiting a new School Travel Plan to be carried out by Cornwall Council before we can proceed with this. If we were able to use the Drinnick site, it would provide parking for 50-60 cars. On days when there are clubs, pick up time is far less busy. A parent suggested staggering pick up times to ease the flow of traffic when there are not any clubs.	CM discuss staggered pick up times with governors.
3) Targeted Basic Need (TBN) Building Development Ms Marsden gave an overview of the plan for the Completion Party on Friday 12 th February. The school council, head boy and head girl are very excited to be giving tours of the school.	
4) Mid-term reports for parents evening Ms Marsden shared the format for mid-term reports, which the parent said was a useful report to be able to guide the discussion and take home.	
Next parents forum: Wednesday 2nd March 9:00am
